Equipment

Coffee and products for your office
www.coffee-mill.com

Coffee Mill provides state-of-the-art coffee equipment by trusted manufacturers.

Because you and your colleagues deserve a quality cup of coffee each and every time, we maintain our equipment and periodically exchange units to keep your coffee experience exceptional.

Let us prepare a personalized analysis of your coffee break area to determine which hand selected coffees and which machine is best suited for your unique situation. We carry all classes of commercial coffee brewers including (but not limited to): *Airpots, Thermal Pots, Glass Dispensers and Brewers, Large Volume Brewers and Cappuccino Machines.*

Small (up to 25 employees)

Coffee Mill provides a variety of coffee brewers for small offices. We can help you 'right-size' the brewer to your crew!

Newco Ace AP

Newco Ace TC

Medium (20-50 employees)

Growing offices need new ways to stay refreshed. Coffee Mill offers only the best equipment that keeps your crew coming back for more.

Newco Ace LP

Newco Ace TD

Large (multiple locations/campuses)

Have multiple office locations or worker stations? Coffee Mill has brewers to ensure your last cup is as good as the first. The right equipment choice helps make sure you can brew the best.

Newco GXDF2-15

Newco GXDF80

Single Cup Brewers

One size does not fit all, so Flavia machines are designed for a one-cup-at-a-time need. Flavia machines give you the best in custom refreshments for unique tastes.
